

Friday, November 10, 2023
The Higgins Hotel
6:30–10 pm
wjmc.org/jubilee

Healthcare so great, we want to jump and jive about it!

Join us on Friday, Nov. 10, 2023 for the West Jefferson Jubilee as we celebrate victories big and small for the health of our community. This extraordinary cocktail reception will be an evening filled with live music, delicious food, and exciting auctions in a grand effort to raise funds to benefit patient care at West Jefferson Medical Center. The night is also dedicated to recognizing Dr. James Callaghan, the 2023 recipient of the Frank C. Di Vincenti, MD Community Leadership Award.

Delivering life-saving care with moxie.

Our fundraising efforts will allow West Jefferson Medical Center to continue to deliver immediate, expert care during times of emergencies by funding new LUCAS devices for our ambulances. LUCAS devices are life-saving automated CPR machines that significantly improve the survival rates of patients undergoing cardiac arrest. With your help, our community can be confident that during times of urgent need, our emergency care team has the latest in life-sustaining technologies for the best possible patient outcomes.

Join the ranks for a healthier and happier community.

It is the mission of the West Jefferson Hospital Foundation to support West Jefferson Medical Center in delivering world-class care close to home. By joining us as a sponsor for the West Jefferson Jubilee, you will be funding the hospital's most pressing needs through the Friends of West Jeff fund. You will also allow our award-winning EMS and Emergency Department to continue to deliver innovative, yet compassionate care 24-7 to the Westbank and beyond.
